

## ABOUT THE IACA

The IACA is an all-volunteer, non-profit, 501(c)(3) professional association dedicated to providing training, networking and professional development opportunities to crime and intelligence analysts around the world.

The IACA was formed in 1990 to help analysts improve their skills and make valuable contacts, to help law enforcement agencies make the best use of crime analysis and to advocate for standards of performance and technique within the profession.

## ANALYST MENTORING PROGRAM

This highly-anticipated program was launched in 2016 after several years of development. The program pairs new analysts with more experienced members who can provide advice and guidance on topics such as skill development, better integration within their agency, dealing with professional challenges and designing quality work products.

The Mentoring Committee works diligently to find mentors whose experiences match the needs of the mentees in order to maximize the benefits of the program to everyone involved. In addition, mentors work as a knowledge pool and may be asked to assist other mentees on issues within their particular area of expertise.

For more details about the program, please visit [www.iaca.net/amp.asp](http://www.iaca.net/amp.asp) or send an email to [mentoring@iaca.net](mailto:mentoring@iaca.net).
